

After the Fire is Gone by LE White recorded by Faron Young

Chorus: C C7
 Love is where you find it
 F C
 When you find no love at home

 And there's nothing cold as ashes
 G7 C
 After the fire is gone

 C7
The bottle is almost empty
 F C
The clock just now struck ten

Darling I had to call you
 G7
To our favorite place again

C C7
We know it's wrong for us to meet
 F C
But the fire's gone out at home

And there's nothing cold as ashes
G7 C
After the fire is gone

Chorus

 C7
Your lips are warm and tender
 F C
And your arms hold me just right

Sweet words of love you remember
 G7
That the one at home's forgot

C. C7
Each time we say it's last time
 F C
Oh but we keep a hanging on

And there's nothing cold as ashes
G7 C
After the fire is gone

Chorus
