

Love and Aloha

Leolani Blaisdell

When the Lurline sails away
Smile your sweet and winsome way
And take with you our love and aloha

Here's a token flower lei
From our hearts to you this day
We give to you our love and aloha

Now that we must say adieu
God bless you and guide you
May your journey end some day
Right back here in Monterey

And when the whistle starts to blow
One more kiss before you go
And take with you our love and aloha
Take with you our love and aloha
